Dear Mr. Wallace

We've come along way from 833 huh?
But let me get to the point. I'm down here
Raymond jail on a half a million dollar bond
for false pretense and fraud. It's dealing with
a finance company that my store was dealing with
for the business. People I knew were financing, (no credit
check) (no money down) so you know how that goes.
But anyway, they are trying to charge me for those
peoples wrongs of not paying for their bill every month.
Like I influence them not to pay. I know that there
isn't much you can do personally but I need help
getting back on the court docket for a bond reduction.
This a half of a million is ~~so~~ stupid. It's people
that's down here with murder charges with cheaper bonds.
Then the condition that they have us under here in
Raymond is unhuman. No mats, no towels, medical slow,
it's cold and they give us one blanket sleeping on metal. If
there is anything you can do Mr. Wallace, anything that's
within your power, Please help me. This treatment isn't
for any man especially ~~and~~ ~~but~~ a good guy. These
charges are nonsense...!!!

Thank You in Advance
Chris Butler
