Division of Youth Services

**2008
ANNUAL
REPORT**

Youth Court statistical data contained herein is based upon information reported to Mississippi Department of Human Services, Division of Youth Services (MDHS/DYS) by the local youth courts, court staff, court clerks and county staff assigned to the local youth courts. As with large data collection projects of this type involving thousands of cases and dozens of reporters (i.e., county intake, county counselors, school attendance officers and Youth Services' staff) from various jurisdictions, the assignment of an error rate is difficult. However, no system is perfect, and a small error rate, both human and mechanical, should be considered when analyzing data. Also note that different counties count only one offense and one disposition per referral, while others may count multiple offenses and multiple dispositions per referral.

STATE OF MISSISSIPPI
HALEY REEVES BARBOUR, GOVERNOR
DEPARTMENT OF HUMAN SERVICES
DON THOMPSON
EXECUTIVE DIRECTOR

March 4, 2009

Dear Colleague:

The 2008 Annual Report is herewith compiled and advanced for your consideration. We have 45 Adolescent Offender Program (AOP) sub grants for 82 counties at a total cost of \$11.2M as of December 2008. The average youth population at Oakley Training School (OTS) was 127 boys and 19 girls for 2008. A total of 1300 students have matriculated through the AOP's for 2008. The result has been a reduced OTS population and longer stays.

Between 2007 and 2008, statewide referrals were down by 248 or 1.3%. Adams County was added to counties with 500 or more referrals, while Coahoma and Forrest Counties were dropped. Harrison, Hinds, Desoto, Rankin and Jackson Counties were among the highest ranked referrals at 500 and above.

For the same period, training school commitments were down by 115 or 17.8% below 2007 figures. The top offense type is disorderly conduct, up 7.2%, while simple assault, CHINS, malicious mischief/vandalism and drug offenses were down. The most used disposition was supervised probation, up 13.4%. Warnings, counseling, releases and dismissals were down as well. To the communities' credit, AOP commitments or dispositions were up by 23%.

Our test programs, Fast ForWord, PX2 and Tony Gobar, continue under evaluation. The communities have made significant improvements but must continue progress for sustained, substantial improvement. The objective is to habilitate/rehabilitate juveniles and to produce future Mississippi leaders.

I commend and compliment each of you for a job extremely well done in the best interest of Mississippians. I would urge you, however, to review, analyze and evaluate future goals and document achievements and improved programs. Let's restore excellence to juvenile justice!

Respectfully,

A handwritten signature in black ink, appearing to read "Don Thompson", with a stylized flourish at the end.

COMMUNITY SERVICES PROGRAMS AND SERVICES

The primary goals of Community Services are:

- To ensure a balanced approach of accountability, competency development and community safety in providing quality services that address the needs of clients, individual victims and the community;
- To test the effectiveness of community-based programs in decreasing recidivism at the state training schools and thus diverting youth from out of home placement and providing appropriate wrap-around services in the community;
- To establish multi-agency, cooperative partnerships with local communities; and,
- To establish uniformity in DYS services, case management practices and procedures.

Probation and Aftercare Services are provided to juveniles referred to the youth courts in Mississippi. Individual, group and family counseling, intake, pre-court investigation, case management, and referral and placement services are some of the services provided by Youth Services Counselors.

The **Adolescent Offender Program (AOP)** is a community-based partnership among the Mississippi Department of Human Services/Division of Youth Services, mental health agencies, community agencies and local multi-agency councils. The AOP creates a mechanism within communities to coordinate services, share resources and reduce the number of young offenders placed in state training schools. The program, which focuses on the family, seeks to assist local communities in coordinating and providing services to families at-risk. Eleven (11) AOP sites utilize the Fast ForWord® family of reading intervention products. This program is a cognitive learning tool which retrains the brain to learn in a more efficient way allowing the students to achieve greater success. Six (6) AOP sites have had staff certified to use the PX2 model from Pacific Institute that builds strength of character and strong self-belief, so that youth can stand up to negative influences and maintain confidence in their own decisions. It is designed to be a life-changing experience, not just for teens but for the entire family.

The **Community Services Intensive Supervision Program (CSISP)** is a community-based intensive supervision program for serious habitual youthful offenders. The program provides intensive probation/parole supervision, and

greater support for offenders and their families than traditional supervision.

The **Volunteer Services Coordinator Program** unites youthful offenders and their families with individuals, organizations and community civic groups, creating a mechanism to obtain and coordinate services and share resources. The program was designed to enhance the services provided by the Youth Services Counselors, to reduce the number of repeat offenders, to reduce the number of youth committed to training school, connect youth and families with mentors and appropriate community resources, and to inspire and encourage youth to become law abiding, productive citizens.

The **Transitional Living Center (TLC)** is a voluntary, group living program operated by MDHS/DYS. As part of the agency's continuing efforts to provide multifaceted opportunities and alternative forms of intervention for the youth of the State of Mississippi, DYS began a "school-to-school/school-to-work" program through this venture. The TLC offers assistance in employment, educational opportunities (General Education Diploma (GED) preparation), independent living, community life and staff development.

INSTITUTIONAL SERVICES AND PROGRAMS

DYS provides institutional care to delinquent juveniles committed to MDHS/DYS custody. The psycho-educational program offered at the Oakley Training School (OTS) and Columbia Training School (CTS) begins with the arrival of the youth on campus with a standardized admission, intake, and orientation process conducted by designated staff. Once the youth is assessed, he is placed into an appropriate housing unit and staff begin developing a comprehensive service plan for him involving treatment programs, counseling, recreation, and education. DYS is a school district comprised of two accredited non-public schools: Williams School on the campus of Oakley Training School and East Columbia School located on the campus of Columbia Training School. One program for the youth found to be eligible through the screening process is the para-military training program designed to build basic concepts of self-discipline, character development, self-worth, personal responsibility, attention to detail, a sense of urgency, and respect for constituted authority. After students are assessed in the area of mental health, physical, academic and vocational aptitude, and given a complete physical by a physician, they are placed in academic and/or vocational classes, based on these results and the cumulative educational records at Williams School (OTS) and East Columbia School (CTS).

Winning Reading is a tutorial program designed for students scoring third grade or below. The method used is the WINNING program which is based on Dr. Jane Hodges', ***Sing, Spell, Read, and Write***. Students sequentially progress from entry level skills in reading to fourth grade skill level.

Fast ForWord Program is a computer based reading program from Scientific Learning that has been installed in the labs at both schools.

Local Area Network (LAN) Computer Labs are housed in Williams School and East Columbia School. A thirteen (13) work station network lab provides remedial and job interest assessment, and a fourteen (14) work station lab provides AZTEC software for remedial work, grade level course work and enrichment. Scientific Learning software, a cognitive learning tool is used in these labs.

Interactive Video Network (IVN) allows students at both training schools to interact with each other in GED and gifted classes. The electronic classrooms have allowed students to take electronic field trips and view satellite downlinks of various programs. The room is also beneficial to all departments by giving staff access to interactive video-conferences with staff counterparts. The rooms were equipped as part of the Star School Project through the MS Educational Television Interactive Video Network (METIVN).

Library/Media Services are provided to all students. Williams School and East Columbia School have licensed library/media specialists. Teachers are assisted with instructional planning and delivery.

Character Education Training is offered to students at the institutions. The aim of the program is the development of responsible citizenship skills.

The General Education Diploma (GED) Preparation and Testing are offered to eligible students at Williams School and East Columbia School. Students tested at the training schools have an average pass rate of 80%.

A.C.T. Preparation and Testing are offered to students who have graduated from high school or earned a GED.

Vocational Technical Education funds and grants have been received to improve educational programs at the Oakley and Columbia Campus. Vocational training programs at OTS include: Welding, Carpentry, Auto Body, Small Engine Repair, Brick Masonry, Technology Preparation, Custodial

Maintenance, and Basic Business Computer. Programs at the Columbia Campus include: Basic Business, Commerce and Family Dynamics, and Custodial Maintenance.

The **Para-military Training Program** is designed to instill responsibility, attention to detail, a sense of order and discipline. To accomplish this, the program utilizes five instructional parts: Drill and Ceremonies, Military Conduct, Physical Training, Fellowship and Teamwork, and Leadership Development. The Armed Services Vocational Aptitude Battery (ASVAB) preparation and testing are offered to students who express an interest; this is a jointly coordinated initiative with the Military Entrance Processing Station (MEPS).

Individual/Group Therapy counseling emphasizes reality therapy, social skills development, anger management, sex education, including information on sexually transmitted diseases, and abstinence, drug and alcohol awareness, character education.

Diagnostic and Evaluation allow staff to gather medical, dental, recreational, educational, vocational, and psychological data on each student. Each student receives a complete physical and a mental health assessment which includes Intelligence Quotient (IQ) testing, personality profiles, a drug and alcohol abuse risk questionnaire, suicide risk assessment, achievement testing, and a trauma risk assessment tool called the *Trauma Symptom Checklist for Children*.

The **Multi-Systemic Service** is a self-improvement and life skills training program offered to students at OTS as part of the Phase I of the Re-Entry Project. The program consists of life-management skills sessions, evaluation, and aftercare services.

The **Mississippi Arts Commission** -- Community In Schools Grant Project is currently serving students at OTS and CTS in Creative Writing and Art classes, taught by licensed instructors from the nearby college.
