Plaintiff is filing this complaint in Madison County in hopes of obtaining a more favorable judgement because of publicity generated by Mr. Allen's wrongdoing in Hinds County regarding this matter.

FACTS

Defendent was given no reason for termination after 17 years of employment with him at the City Council and at Downtown Jackson Partners. Moreover, nothing should be confidential at DJP as they are funded by tax dollars and open to examination of all documents. Mr. Allen's misuse, i.e. giving money to those in his favor, laundering money for various organizations, giving checks to his son's friends for non existent events to be held to promote Jackson totaling \$10,000 plus dollars.

Wherefore, Premises Considered, the court should enter judgement against the Plaintiff Ben Allen for filing frivolous lawsuits against Linda Brune who was wrongfully terminated. Any funds taken from the DJP or the Marketing Center Accounts were delivered directly to Mr. Allen to enable him to circumvent the maximum amount of funds which he was allowed to sign for.

Mr. Allen has taken away my livelihood, my health insurance and expects me to give him money to "reimburse" his slush fund. I have no money nor do I have assets. I have been loyal to a fault to him, considering his unacceptable behavior. I have covered his various affairs to the best of my abilities, along with other instances of wrongdoing. This entire scenario was manifested when Mr. Allen learned that I had cooperated with the State Auditors Office in their investigation of him and his misuse of DjP funds.

Respectfully Submitted,
