Re: Downtown Jackson Partners v. Linda Brune

Dear Mr. Begley:

The State of Mississippi represents Ms. Linda Brune as a victim in the criminal case of State of Mississippi versus Benjamin Wade Allen. She will not be available for depositions or any other matter related to the civil dispute in the above-referenced until she has retained counsel to respond to numerous requests by DJP. Further, she has advised that she will request the Court to hold any civil matter in abeyance until the disposition of the criminal matter. Further, she has received correspondence requesting that she waive her right to a trial by jury. She vehemently opposes to waiving her right to a trial by jury, or any other rights.

If you have anything further regarding this matter, please direct your correspondence to our office. Her new counsel will be in touch with you in the very near future. Thank you.

Cordially,

A handwritten signature in black ink that reads "Robert Shuler Smith".
